REPORT ON Re attached report.

Made by D. S. Barton,

Forwarded by *Belvey C.I.*

Mr. Skuse was interviewed at his office in the Customs Building at about 2 p.m., March 2nd, 1929.

He stated that the information he had received from his informer, was not full enough to report to the Police. The informer did not state where the pirates could be found, whether they were in Chinese Territory, French Concession or Settlement, but said he could give the information of a gang of Pirates, who were going to pirate a ship between Shanghai and Swatow if he was paid a big reward, but was afraid to meet any member of the Police.

Mr. Skuse said that he would speak to his informer and should he learn anything further he would report direct to Police Headquarters.

Mr. Skuse of the Customs House who has recently given information about Pirates stated that the most recent reports from his informer is to the effect that the pirates have left Shanghai, probably by the "Kwang Lee". Mr. Skuse adds that the informer is unwilling to meet any member of the Police or even to see himself. When the report was previously received about this matter, D.S. Barton was told off to make enquiries.
